- Zaranejad, Mansour. Anwari, Ebrahim. (2013). *The use of composite data in the regression analysis method in different sciences* the first international conference on research methods in science, technology and engineering, Imam Hossein University.

### **Research projects**

The consensus of professors on the subject of lifestyle, 10/30/2016 to 11/03/2016

Ethics in education, 08/16/2016 to 08/16/2016

The experience of holding a successful course in humanities (presenting the theory of experimental religious science), 08/10/2016 to 08/10/2016

Getting to know the methods of investing in the stock exchange and analysing the financial data  
02/12/2016 to 02/12/2016

Stock market education and familiarization with its indicators, 02/09/2016 to 02/09/2016

Educational design, 12/08/2016 to 12/16/2016

Getting to know the structure and writing of scientific-research articles 1. 11/17/2016 to  
11/17/2016

Linguistic and rhetorical points in English writing: the introduction section of the research paper  
11/16/2016 to 11/16/2016

Getting to know the citation analysis database: web of science and scopus, 10/29/2015 to  
10/29/2015

Religious epistemology, 10/25/2015 to 10/28/2015

Training on using MIMOSA software. 2016

End Note. 07/05/2016 to 07/05/2016

Security of cyberspace and use of ATM. 03/25/2015 to 03/25/2016

Fundamentals of Research and Ethical Principles. 03/09/2015 to 03/09/2015

Essay writing method. 03/08/2015 to 03/08/2015

Influential elements and components in the ranking of the world's universities. 03/05/2015 to  
03/05/2015

Resistance economy and the mission of the university. 03/03/2015 to 03/03/2015

Educational assessment. 02/09/2015 to 02/09/2015

Getting to know the resistance economy. 12/05/2014 to 12/05/2014

Teaching methods and techniques. 12/14/2013 to 12/14/2013

Discourse on resistance economy. 12/07/2013 to 12/07/2013

Islamic Education. 10/16/2013 to 10/16/2013

Flowology of Takfiri and Salafi groups and their future. 24/08/2013 to 24/08/2013

The role of statistics in the economy. 02/06/2013 to 02/06/2013

The soft power components of the Islamic revolution. 28/09/2013 to 28/09/2013

Vahdat Hoze and University. 26/09/2013 to 26/09/2013

Hollywood and the West against Islam and Iran. 09/14/2013 to 09/14/2013

Acquaintance with the emerging mysticism. 26/08/2013 to 26/08/2013

Islamic University document: requirements and strategies. 08/16/2013 to 08/16/2013

### **Books**

Anvari, Ebrahim. (2018). *Problems of water sales market, economy and social sciences axis*, Mehr Eshraq Pouye cultural and artistic institute.

### **Workshops**

Examining the employment status of prisoners and providing solutions for productive and useful entrepreneurship.

Systematic management of optimization of water consumption pattern based on relative advantage and concept of virtual water: case study of Maron and Jarhiri watershed - from Maron dam to Shadgan (final report).

Carrying out research and consulting services in order to formulate the organization's research and technology development needs in the form of a five-year plan.

Strategies for developing the marketing capabilities of production cooperatives and developing a road map with an emphasis on resistance economy.

Feasibility assessment of the competitive advantages of production cooperatives for the development of cooperative markets in Khuzestan province.

## **Honors**

Selected as best researcher of Shahid Chamran University of Ahvaz. 2014.
